

COPPER QUEEN STORE.

COPPER QUEEN STORE.

THE COPPER QUEEN STORE

Special Notice

Monday Being Observed as Memorial Day Instead of Sunday the Store Will be Closed All Day.

June the Month of Roses Brings Forth a Host of Bargains in Women's Outer Apparel

Reduced prices on reasonable merchandise mean little or nothing. It all depends upon the store printing the reductions. Large as this store is, it is not large enough for topsy-turvy methods or goods. The reductions quoted in this ad are **GENUINE** from start to finish—a fact that is easily proved to all who invest, save. If you have a need of any article advertised herewith you may buy it with the satisfaction of knowing that you are getting Copper Queen store **QUALITY**, Copper Queen store **STYLE** and best of all Copper Queen store **VALUE**. Read this ad through—it will save you money on some article which you no doubt intend purchasing in the near future.

Lower Prices Capture Our Entire Stock of Trimmed Millinery--Sale Begins Tuesday

If there's been a price-reason standing between you and one of these handsome trimmed hats on display in our Millinery section, now's the time to forget it. Beginning Tuesday morning with store opening—we hereby offer our entire collection of Ready-to-Wear Hats, including many of the famous Gage Brothers pattern creations at **ONE THIRD LESS THAN REGULAR PRICES**.

As every woman knows—Copper Queen millinery is better at **ONE THIRD LESS** than other stores so-called **HALF PRICE SALES**. Why? Simply because they were marked at fair prices to begin with. All are fresh, many just coming from workrooms the past week. Dozens of popular shapes—the latest of which, not one whit prettier sold at regular prices during the past eight weeks. If you have a need of a new or extra hat now's the time to get it before assortments are picked over—Here's the way the low prices look—

ALL \$6.00 HATS NOW	\$4.00	ALL \$15.00 HATS NOW	\$10.00
ALL \$7.50 HATS NOW	\$5.00	ALL \$18.00 HATS NOW	\$12.00
ALL \$9.00 HATS NOW	\$6.00	ALL \$21.00 HATS NOW	\$14.00
ALL \$12.00 HATS NOW	\$8.00	ALL \$24.00 HATS NOW	\$16.00

Attention is directed to our line of Mushroom Sallors of Burnt and Cream Straw. Ideal for shirtwaist wear. Prices range \$1.50 and \$1.75 each.

Women's Tailored Wool Suits--43 to be Disbanded at One-Third Off Regular Price

The larger a business grows, the greater the quality of merchandise to be thrown out for clearance at the end of the season. This is especially so in our Tailored Suit Section. Copper Queen Store Suits were in a class by themselves this season and business was unusually brisk when the season opened. So good in fact that we placed duplicate orders which makers were unable to fill at the time, thus causing late shipments which should have been disposed of a month ago.

With vacation time fast approaching and the continued vogue of the tailored suit this clearance of 43 new spring models should find ready buyers at the new prices. All favored dark colored pastel shades are represented—Early buyers will of course get the **PLUMS**. Note these—

ALL \$21.00 SUITS NOW	\$14.00	ALL \$35.00 SUITS NOW	\$23.33
ALL \$27.50 SUITS NOW	\$18.33	ALL \$37.50 SUITS NOW	\$25.00
ALL \$30.00 SUITS NOW	\$20.00	ALL \$40.00 SUITS NOW	\$26.66
ALL \$32.50 SUITS NOW	\$21.66	ALL \$45.00 SUITS NOW	\$30.00

Lingerie Dresses--Some Important Items

One lot of White Lingerie dresses will be thrown out for immediate clearance Tuesday morning. All sizes are represented but not of each kind. A variety of trimming effects—mostly lace and embroidery. All are two-piece styles. The reduced prices range close to half and women with an eye to economy will snap them up in a hurry. About one dozen in the lot.

\$7.00 DRESSES	\$3.45
\$7.50 DRESSES	\$4.00
\$10.50 DRESSES	\$5.00
\$14.00 DRESSES	\$7.25

Lingerie Waists Reduced One-Fourth

A cool comfortable shirtwaist? Then come to the "Shirtwaist Store"—Second Floor. Every Lingerie Waist in the house will own a new price when the store opens Tuesday morning. To attempt a description of the thousand and one styles would mean nothing—you must see the waists themselves. Needless to say—they are all long sleeve styles—a feature which insures them being new 1909 waists. Prices a fourth less beginning Tuesday—

\$2.00 WAISTS	\$1.50
\$3.00 WAISTS	\$2.25
\$4.00 WAISTS	\$3.00
\$6.00 WAISTS	\$4.50

Over 100 Women's Separate Wool Skirts to be Mustered Out at Lessened Prices

To dispose of over 100 new Spring Skirt Models at a third less than earlier in the season prices and Copper Queen store quality, at that, is a reduced price occasion that no woman with a skirt need will care to miss. In fact it will be necessary for us to sound "taps" the minute the stock is reduced to the desired quantity. It goes without saying that every one of these skirts is a spring style—you'll note that at a glance. Black, colors and fancies—all are included. Panamas, Serge, Voiles and other favored materials are represented in pleasing variety. With the shirtwaist season at hand separate skirts will be worn more and more—and these prices will help.

ALL \$6.00 SKIRTS NOW	\$4.00	ALL \$15.00 SKIRTS NOW	\$10.00
ALL \$7.50 SKIRTS NOW	\$5.00	ALL \$18.00 SKIRTS NOW	\$12.00

ALL \$12.00 SKIRTS NOW	\$8.00	ALL \$24.00 SKIRTS NOW	\$16.00

All Foulard Silk Dresses and Costumes Must Answer This Reduced Price Call

The great popularity of Dresses and Gowns of Foulard and Messaline Silks has placed these charming costumes a head higher than those of any other summer fabric. Attractive, because they are brand new—the kinds wanted right now. Most all are the one piece Princess sorts which depend on their graceful lines rather than trimmings, for style. Reseda, blue, plum, tan, brown and many other favored shades are shown in plain and figured designs. If style combined with low prices count for anything these splendid dresses will hurry out at these new valuations

ALL \$20.00 DRESSES NOW	\$13.33	ALL \$35.00 DRESSES NOW	\$23.33

Silk Kimonos Reduced for Clearance--A Chance to Supply Vacation Needs

Our entire stock of Silk Kimonos go on sale Tuesday morning at one-third less than regular prices. There's a great variety of rich and beautiful colorings in Oriental designs which will appeal to all who have a need for one or more of these practical garments. Women who are planning vacation trips should be sure to investigate this very unusual offer. Assortment are larger than usual on account of the increased stock of these garments and as they were excellent values at regular prices these new quotations should prove attractive in the extreme.

BISBEE'S BIGGEST, BUSIEST AND BEST STORE

In the Field of Sports**NELSON VICTOR IN HARD FIGHT**

Dane Defeats Hyland After Twenty-three Rounds of Terrific Boxing in Which Both Scrappers Get Badly Battered up—Californian Has Best of It At Start of Battle

SAN FRANCISCO, May 29.—Batting Nelson of Hegewisch, Illinois, the dash he possesses is surprising. In regard to the drawn look on Dick's face I can only say that he takes on that appearance prior to every contest. It is not by any means an indication of staleness or overwork.

Referee Eddie Smith, talked with Hyland today regarding the rules. Hyland remarked that a number of his friends had warned him that Nelson was a puncher for butting, but that as far as his judgment went, he considered Nelson a rough fighter and not a foul ringer.

Smith said that he did not believe Nelson's opponents intended to fight, but that many of the men Nelson had fought had tried to hold him in the clinches, and that Nelson in his eagerness to pull away had sometimes brought his head in contact with the other man's jaw. Smith assured Hyland that no foul work would countenance from either man and Dick said he was satisfied no would be attempted.

Smith told Hyland that Nelson was a first class boxer, whereas Dick remarked, "I am glad of that, for if it is my luck to beat him, I don't want anyone to say that I licked a man who had seen his best days."

Nelson arrived in San Francisco Thursday night and put up at the Sultan bath. He wishes it to be understood, however, that this is not for the purpose of reducing weight. He expects to have a good rest there. As there is a weighing machine at the establishment, Nelson will weigh himself before going to bed. Said Bat:

"I will also weigh in when I get up and will act accordingly. I don't intend to be caught overweight. That says he may possibly devour a steak on the day of the fight, but he will not ask for another, as he did prior to his contest with Jimmy Britt at the Auditorium."

Nelson has selected Jack Welsh for his first opponent, whereas Dick has selected Jack Grace. Dick has Jack Grace, Abdul Hamid, Jeff Perry, Dick Wheeler and Willis Britt, who will arrive from the east tomorrow.

SMITH GETS DECISION.
Frankie Smith of San Francisco was given the decision over Jeff Perry, Batting Nelson's sparring partner, after ten rounds of bloody millage. Smith opened a deep gash over Perry's nose in the first round and the blood therefrom, which flowed ceaselessly throughout the entire battle, bothered Perry greatly. Smith out-fought his man after the second round and the decision was a clean one.

MARATHON IS WON BY SWEDISH RUNNER
John S. Vanberg, New World's Champion Over Twenty-six Mile Course.

CHICAGO, May 29.—John S. Vanberg, Swedish champion, won the International Marathon Derby today against a field of eight of the world's best long distance runners. The time was 2 hours, 48 minutes and 11.5 seconds. This was more than eight minutes slower than Henry St. Yves' time in the New York Marathon. St. Yves led the race until fifteenth mile when he was forced to drop out on account of a blistered foot. St. Yves was fifty seconds ahead of Vanberg, when the Swede passed him in a sprint and St. Yves fell. It looked as though Spanberg tripped the Frenchman, but St. Yves explained after he had limped off the track that he could not have run further anyway. Johnny Hayes finished second 2 hours, 52 minutes, 57.5 seconds. Fred Appleby, an Englishman, finished third in 3 hours, 1 minute and 7.5 seconds.

After the accident to St. Yves, Spanberg kept the lead to the end. Tim Loubout, the Indian, dropped out of the race after the 14th mile. He explained that he felt the effects of an old sun-stroke and did not dare run any more.

CORSET BACKS OUT

CHICAGO, May 29.—James J. Corbett has given the following answer to Jack Johnson, who has announced his desire to box six rounds with Corbett in Philadelphia:

"I say: no desire or intention to fight Johnson. He is in better hands now than I am. I was willing to fight Johnson if it was far from my desire to get back into the fighting game. I felt merely that some one had to challenge the black man who had a chance to defeat him."

"Now that Jeffries has agreed to meet him there is no occasion for me to give any attention to Johnson."

BOWLING RECORD FOR FIVE MEN TEAM IS BROKEN

NEW YORK, May 27.—The National Bowling association record for five men teams was broken at Madison Square garden tonight in tournament play by a team from the Corinthian bowling club of this city, which rolled a total of 2398, average 195.2 a game. The previous association record is 2393.

COUNTRY CLUB WILL PLAY.

The Greens committee of the Country club held a meeting last evening and arranged the handicaps for the regular monthly contest for the Pott cup which will be played off today.

POUNDS AND INCHES PICTURE OF JEFFRIES BY NOTED SCIENTIST

There has been so much discussion over the measurements of Champion Jim Jeffries that the following scientifically accurate record made by Dr. Sarphat of Harvard is an interesting document:

Weight	247-249 pounds.
Height	6 feet 3 1/4 inches.
Height knee	1 foot 8 inches.
Height sternum	5 feet.
Girth neck	17.9 inches.
Girth chest	44.9 inches.
Girth chest, full	48.3 inches.
Girth ninth rib	44.9 inches.
Girth ninth rib, full	47.2 inches.
Girth waist	39 inches.
Girth hips	43.3 inches.
Girth thigh	27.2 inches.
Girth knee, right	17.7 inches.
Girth knee left	18 inches.
Girth calf right	18.3 inches.
Girth calf left	18.5 inches.
Girth ankle, right	10.2 inches.
Girth ankle, left	10.2 inches.
Girth instep, right	11.8 inches.
Girth instep, left	11 inches.
Girth upper arm	11, 15.7 inches.
Girth upper arm, left	16.3 inches.
Girth elbow, right	13.2 inches.
Girth elbow, left	13.4 inches.
Girth forearm, right	13.4 inches.
Girth forearm, left	13.4 inches.
Girth wrist, right	7.9 inches.
Girth wrist, left	7.9 inches.
Breadth of head	6.5 inches.
Breadth of neck	5.5 inches.
Breadth of waist	15 inches.
Breadth of hips	15 inches.
Length of foot, right	11.4 inches.
Length of foot left	11.4 inches.

It will be noticed that from these measurements that where ever the giant fighter is not symmetrical as to the relation of his right and left members, the differences favor the left member, as shown in the knee, the calf, the instep, the upper arm and the elbow.

Jeffries says that when his present contracts are filled it will be wasting time for other theatrical man to offer him engagements. In the words of the mighty Jeff: "I'm going to get in shape to try that fellow Johnson and do the job quick."

It will be off to the mountains for Jeffries—two or three months of bear and deer shooting and occasional boxing bouts; then a period of polishing in the fine points of millage. After "Can" Johnson can have his as soon as he wants it.

Jeff's habit of combining training and pleasure through his hunting trips is a winner. He has all the hard work over his head and keeps from getting tired of it by packing a rifle on his baggage. A man can cover double distance when he has something to entertain him on the way and never tire as he would if it were plain plugging. If you can cover twenty miles in a day empty-handed and with nothing to do, but think how hard the walking is, you can easily cover forty with a rifle in your hand and the constant excitement of looking for a shot to keep you from noticing the length of the trail.

WITH THE BOXERS.

"Montana" Jack Sullivan has not lost a match with Ketchel or Papine. Better dispose of Flynn first.

At Delmont and "Big" Mackey have been matched to box 10 rounds at Schenectady, N. Y., within the next two weeks.

Batting Nelson is said to be considering a proposition to box Ad Wolf at 10 rounds before the Pacific Athletic club next Tuesday night.

Flynn is training for his 10-round bout with "Montana" Jack Sullivan before the Pacific Athletic club Tuesday night.

Danny Webster and Al Emick are training hard for their 10-round doubleheader at the Pacific Athletic club.

Mike (Twain) Sullivan of Boston and Kyle Whitney of San Francisco fought 20 rounds to draw in the latter city last night. Sullivan out-kicked Whitney, but was knocked down in the 19th.

Frankie Sullivan and Curley O'Connell have been signed for the 20-round main event of the Windward Athletic club of Venice on June 4. Mike Ketchel and Jap Togo will meet over the 10-round route the same night.

Young Dougherty took a decision over Kid Murray in a 15-round battle before the San Pedro Athletic club the other night. In the preliminaries, Kid Martin and Joe Livermore went six rounds to a draw, and Young Pico beat Young Beyers in four rounds.

Joe Walcott is the only prize fighter that has been clever enough to discover a way he can avoid having teeth knocked out in a fight. Joe has false teeth now and before every ring battle Joe extracts these painless bits of dentistry and hands them over to his seconds.

WESTERN FREIGHT AGENTS WILL HOLD CONVENTION

SAN FRANCISCO, May 29.—For the purpose of discussing a thousand and one questions regarding the shipment and handling of all classes of freight over trans-continental railroads, The Western Freight association, composed freight agents of the Southern Pacific, Santa Fe and San Pedro, Los Angeles and Salt Lake roads, will hold their first meeting in this city tomorrow. The association was organized recently with a view to the establishment of more uniform systems of handling and billing freight over all lines, and it is thought probable that the system in use by Harriman lines will be adopted. W. J. Hardy of the Southern Pacific will preside.

COLORADO DEFEATS STANFORD.

BOULDER, COLO., May 29.—The University of Colorado defeated Stanford University in a dual track meet today, score 62 to 55.

The outcome was not certain until after the half mile relay race, which Colorado won; the time was 1 minute 24.25 seconds. The sensational event of the afternoon was the two mile run which was won by Captain James Barrett of Colorado. Time: 10 minutes 13.45 seconds.

HEAT WILL NOT STOP GROWTH

Winchester Prepares for Busy Summer—Anaconda Strike Followed by Others

SELL EIGHT LOCATION MONUMENTS FOR \$3000

WINCHESTER, Ariz., May 29.—General activity in this district within the past few days has made marked changes. More development work is now going on than ever before in the history of the district, although the camp is an old one. Many rich strikes have caused the beginning of a new era of development, which gives every indication of a big gold district. Despite the fact that the hot weather is just coming on, northern and eastern mining men are going right ahead with their work and say the hot weather will not retard development.

The Winchester camp is located in the mountains right at the mouth of a long and cool canyon, and while during the day time it is in the sun the shade is always cool and the nights are always very pleasant. At no time does it get so hot as to stop work. Mining operations can be carried on as successfully during the summer months as during the winter months.

The recent strike of rich ore on the Anaconda mine has caused a number of mining men to come into the camp and make investments. It has also caused many of those already in camp to get into the hills and start work with the result that since the Anaconda strike there have been several other rich strikes. The Anaconda is located in the rich zone contiguous to the great andesite and rhyolite dikes. This strip of country is about one mile wide and six miles long. The Anaconda is now sinking a shaft 150 feet. The shaft is already down twenty feet, and the ore shoot is widening with depth. The rich pay streak is flowing the diorite foot wall and some rich specimens of ore running in the thousands have been taken.

New Gold and Silver Find.

One of the newest finds of rich gold and silver ore is the Mary G. which is located near the Anaconda. This property was owned by C. W. Wild and H. C. McCarty. Who discovered the rich ledge of gold bearing and since the strike have sold out a half interest in the property to E. C. Hall of Phoenix for a good round figure. A contract has been made for a shaft to be sunk 100 feet. This property is on the south side of the andesite dike and the ledge is dipping for the dike.

Another good sale of the week are the eight claims belonging to H. C. McCarty, J. W. Day and W. W. Wild, who were sold to G. W. Reed of Roswell, N. M. These eight claims adjoin the Mary G. property and the purchase price was \$3000, simply for the location monuments. The claims have been located only a short time when they were sold and while the purchase price was not large it was a good figure for simply the location monuments.

Another good sale has recently been reported whereby J. D. Mitchell and associates have taken over the Sitting Bull claims belonging to Barney Quinn. The purchase price has not been made public, but it is understood to be very satisfactory. This property is pretty well developed, having one 125-foot tunnel and several small shafts and tunnels all of which have uncovered a very large body of ore. In fact, it looks like a mountain of ore and assays made show that practically the entire hill will go from the mine in gold, besides good values in silver. It is understood that Mitchell's associates are from Michigan and that they will start work at once.

Yellow Bird to Resume

L. B. Houge and Dr. D. W. Mott of Santa Paula, Cal., president and secretary of the Yellow Bird Gold Mining company, which owns the old Yellow Bird mine near Winchester, were in camp a few days ago and have decided to again begin work on this property. It was located and worked for many years by O. Ellsworth Runner of Los Angeles, and much rich ore taken out and shipped, having been hauled over 100 miles by wagon. That was before the building of the railroad. The property was afterward sold to the present owners, who have done considerable work, but shut down on account of a disinvestment among the stockholders. It is now understood that these differences have been settled and the property will start work at once. They have contracted for the treatment of the ore at the Desert mill and as soon as work begins they will be able to start shipping ore. The Desert mill has contracted to haul and treat the ore for \$6 a ton and it is claimed that the Yellow Bird ore will average better than \$25 clear through.

The Stanford mine is going ahead with work as fast as possible. The working shaft is now down over 100 feet and the pay streak has widened out to over three feet. This streak will run over \$50 a ton. The quartz ledge will average from ten to twenty feet thick and the entire ledge is good shipper ore. This property will begin shipping to the Desert mill as soon as the mill begins operation. Operation on this property was hindered much on account of not water, but a new well has been sunk 102 feet and a fine flow of water encountered which will supply plenty of water for the mine.

COLORADO DEFEATS STANFORD.

BOULDER, COLO., May 29.—The University of Colorado defeated Stanford University in a dual track meet today, score 62 to 55.

The outcome was not certain until after the half mile relay race, which Colorado won; the time was 1 minute 24.25 seconds. The sensational event of the afternoon was the two mile run which was won by Captain James Barrett of Colorado. Time: 10 minutes 13.45 seconds.
